

Shortt's Shorts on Young Living Thieves

“If it can keep the plague away from the thieves, it can keep the flu away from you.”

Keep the flu bug out of your inner sanctuary!

Use Thieves in your diffuser to stay healthy!

Use Thieves on your soles to keep healthy!

Use Thieves to bolster your immune system!

- Thieves essential oil has a 99.6% kill rate against airborne bacteria*
- Thieves is antibacterial, antifungal, antimicrobial antiviral and a natural antiseptic*
- Boosts all major systems of the body including the respiratory and immune system*
- Thieves essential oil includes cloves, lemon, cinnamon bark, rosemary and eucalyptus oils*
- Young Living Thieves is used in an entire line of homecare products*

On a Personal Note:

My experiences with Young Living's Thieves essential oils have been amazing. Recently, I went on a twenty day cruise to Iceland and was the only one on board that didn't get sick!

I love being a Young Living Essential Oils Representative.
