

Shortt's Shorts on Thieves Hand Sanitizer

***Are you prepared to leave the
house?***

***Keep the germs away & keep your
hands soft.***

*Thieves hand sanitizer kills the bugs
and not the biome of your skin.*

Thieves hand sanitizer contains 65% alcohol.

*The alcohol in Thieves hand sanitizer is denatured with
peppermint essential oil – not isopropanol! This allows
your hands to stay soft because Thieves hand sanitizer
strips the germs away and keeps the biome of your skin
intact.*

*Approved by Health Canada as a Natural Health
Product (NHP).*

Kills 99.99% of germs and bacteria.

On a Personal Note:

*I keep a bottle of Thieves Hand Sanitizer in my pocket, purse and car. It is
the only one I use.*

*Have your Young Living Oils delivered to your door anywhere world-wide.
